Welcome to Seth M. R. Jaipuria School, Rajajipuram Campus, Lucknow!

Conventional teaching methods are now relics of the past. India is going through humongous socio-economic and socio-political changes and is poised to become a super power in the next couple of decades. To see her through to this ultimate goal, she will need future citizens who are empowered with the requisite learning. I am pleased to state here that our goals and vision are in total synchronicity with that of our nation and it will be our unstinting endeavor to equip our students with global standards of learning so that our children become the masters of our destiny.

At Jaipuria School, education will go beyond books to instill social consciousness, inclusivity, ethics and an all-round personality with a healthy mind and body. That is the Jaipuria way of life and learning. It is also important for our youth to have cultural consciousness and the ability to appreciate the rich heritage of our visual and performing arts. Jaipuria School will ensure that students from their early years are exposed to and encouraged to appreciate and imbibe visual and performing arts.

MESSAGE FROM THE SECRETARY

GLOBAL EDUCATION WITH AN INDIAN SOUL

Welcome to Seth M. R. Jaipuria School, Rajajipuram Campus, Lucknow!

Jaipuria is led by doyens of exceptional visionaries who have always remained concerned about developing next generation thought leaders. The commitment of the House of Jaipuria to provide superior quality education has only deepened and grown over the last seven decades, developing leaders who have proved their mettle in all walks of life.

A true leader is a liberated thinker. The process of liberation begins when you start to think for yourself. When you think you learn and you imbibe new thoughts and perspectives. This in turn helps you innovate and think out of the box. When you can think differently, you can make choices and decisions that are unconventional. These unconventional choices and decisions are what will set you apart from the crowd and establish you as a leader rather than the led.

Education is not merely the acquiring of a degree; it is an enduring process that should have an effect on your thoughts and actions, even after you graduate. Your education can become a leadership training exercise only when you are an active participant in the process of opening your mind to knowledge, experiences and ideas.

We are very glad to bring to Rajajipuram a champion of educational excellence. We present to you Seth M. R. Jaipuria School, Rajajipuram, where, we put the student at the heart of the educational process. A student's tenure at Jaipuria will be marked by a number of academic and non academic opportunities, each of which will help the student develop into a successful individual, true leader and above all good human being. From in-class sessions to field trips, from experiential learning to festivals and events, every day at Jaipuria is a day our students learn and develop.

A world of learning and a plethora of experiences await you within our school. Welcome to Seth M. R. Jaipuria School, Rajajipuram! Welcome to your future.

The Jaipuria curriculum is cutting-edge, truly avant-garde. At the very minimum it is a carefully planned, deliberately put together curriculum that has progression of all subjects across all grades synergized. It has been painstakingly reviewed and finalized under supervision of stalwarts of academia.

• Academic Content

As a support, a school receives Curriculum superstructure across all subjects, which is essentially progression of the curriculum from Nursery all the way to Grade 12.

• **Learning goals** The curriculum is designed such that lessons are taught with an aim to achieve higher order thinking.

Pedagogical profiles (PP) have been created for each topic in every grade and subject, and include Daily Lesson Plans. These profiles have a summary sheet and a set of lesson plans. The topic summary sheet indicates the pedagogical approach, the grade, number of topics in the subject, number of periods allotted for the particular topic, worksheets and all is linked to learning + assessments. Thus far, we have created over 12,000 lesson plans- around 5 lac sheets of paper- for lesson plans.
